

Scantek's July 2019 Newsletter

SAE 2019 Noise & Vibration Conference & Exhibition

This past month the Scantek team had the chance to visit Grad Rapids Michigan for the [SAE International](#) Noise & Vibration Conference & Exhibition. We had the chance to meet some extraordinary engineers and see some what they've been working on.

Check out some photos we took of the exhibit on our [LinkedIn](#) or our [Blog](#).

Academic Prices For CadnaA and CadnaR Are Available

Visit [Scantek, Inc.](#) to request a quote!

**Save
10%**

Save 10% off of your 1st Calibration Order from the [Scantek Calibration Laboratory](#).

NEWS

- Scantek is attending the [26th International Congress on Sound & Vibration](#) in Montreal on July 7 - 11.
- Visit our booth at [Noise-Con](#) in San Diego on August 25 - 28.

Scantek proudly offers products from:

[Norsonic](#)
[Rion](#)
[DataKustik](#)
[Cesva](#)
[MMF](#)
[BSWA](#)
[SoftdB](#)
[DELTA](#)
[SoundEar](#)
[GTI](#)
[Real Acoustix](#)
[Cirrus](#)
[Sound of Numbers](#)
[CVK](#)
[ACO Pacific](#)
[TOPsonic](#)
[Causal Systems](#)

NEW Rion VM-56

Rion's new Triaxial Groundborne Vibration Meter is capable of simultaneously calculating measurement quantities defined by DIN 45669-1, ISO 8041.

Watch the Introduction Video for the VM-56 below.

Download the [VM-56 Datasheet](#) , or visit [Scantek, Inc](#) to learn more!

About Scantek

[Scantek, Inc.](#) is the leader in sound and vibration instrumentation sales, service, rental and calibration. Scantek sells, services, and rents the finest products and provides expert support on their use. [The Scantek Calibration Laboratory](#) is accredited for microphones, calibrators, sound level meters, dosimeters, sound and vibration FFT and real-time analyzers, preamplifiers and signal conditioners, accelerometers, velocity sensors, vibration meters and vibration exciters. Scantek, Inc is a wholly owned subsidiary of [Norsonic AS](#).
